EDUCATION

Course	College / University	Year	CGPA / %
B.Tech (Computer Science)	Netaji Subhas University of Technology	2028	7+
CBSE Class XII	Govt. Boys Sr. Sec. School-2, Yamuna Vihar, Delhi	2022	88.8%
CBSE Class X	D R P Convent Sec. School, Karawal Nagar, Delhi	2020	60.2%

PROJECTS

macOS Web Clone

- **Tech Stack:** React.js, SCSS, react-rnd, Vite
- Built a browser-based recreation of the macOS desktop environment, including a draggable/resizable window manager, a magnifying dock with macOS-style hover physics, and a live system menu bar with real-time clock.
- Implemented custom drag-and-resize window behavior using react-rnd with boundary constraints, and debugged cross-environment build issues (Vite/Node global polyfills) to ensure stable interaction handling.

FocusPilot — Productivity Dashboard

- **Tech Stack:** JavaScript, CSS (BEM), LocalStorage, Fetch API
- Developed a productivity dashboard from scratch featuring a Pomodoro timer, task/goal tracker, quote fetcher, and theme switcher, with persistent state via LocalStorage.
- Structured layout using CSS Grid and BEM methodology for maintainable, scalable styling across multiple dashboard widgets.

ACADEMIC ACHIEVEMENTS

- Solved 200+ problems on LeetCode, with consistent focus on Data Structures & Algorithms in C++.

OTHER INFORMATION

- **Technical Skills:** C++, JavaScript, React.js, Node.js, Express.js, MongoDB, HTML, CSS, Tailwind CSS, Data Structures & Algorithms, Git, GitHub
